Official/Operational

[REDACTED] "The Perversion of a University"

Buenos Aires: Advises certain taxes
JULIA: Paragraph 6

SAHA 11,243, dated 27 July 1962

29 1. Reference requested 1,000-3,000 copies of the book version of "The Perversion of a University," for distribution in Argentina by the [REDACTED]. Since no copies had as yet reached Headquarters, KENNEDY contacted the foundation which had given some financial support to the publication to learn if it had in fact appeared. According to their most recent information from CINEU, the sponsor of both the pamphlet and the book, the longer version should be out any day. Although no price was quoted CINEU did advise the foundation that the initial press run was to be 3,000, 1,000 of which were to be mailed direct to:

- A) Participants in the last IALC
- B) Recognized universities in Latin America
- C) Ministries of Education and External Affairs
- D) National and local student unions in Latin America
- E) National youth committees
- F) Youth sections of political parties
- G) International youth organizations
- H) Student newspapers
- I) Selected foreign (non-Latin American) addresses

The remaining 2,000 copies will be distributed through the publisher's regular channels. In view of the size of the request, in comparison

Distribution:

- 2 - COS, Buenos Aires
- 2 - COS, Santiago
- 2 - COS, MEXICO
- 3 - COS, Paris/LCP/PIIT

CONTINUATION OF DISPATCH	CLASSIFICATION	DISPATCH SYMBOL AND NUMBER
<p>with the size of the press run, and for the sake of operational simplicity and security, we would suggest that the [] place their order with the publishing house directly (Editorial del Pacifico, Santiago), or get in touch with either OPSCU or the JMT, both of whom would undoubtedly welcome the [] assistance in giving the document wider distribution. OPSCU's address is P. O. Box 14-5 Santiago de Chile, and the JMT's (Difusorismo Evangelizante Misional) is P. O. Box 163, Miami, Florida.</p> <p>29</p> <p>2. We assume the [] are on OPSCU's mailing list, but will forward a copy of the book to Buenos Aires for review as soon as copies are available at Headquarters. It may be that the booklet, which appeared in Spanish and French as well as English, will prove to be more suitable for the purpose indicated than the longer versions. Here again, however, we have no exact figures. So far as we know, the booklet has not been put on sale but was distributed by the JMT and OPSCU. Additional copies could be obtained from either organization, providing their supplies are not already exhausted, or perhaps a second press run of the booklet could be arranged if the [] were to request as many as 3,000 copies.</p> <p>3. Alternatively, Headquarters could have the booklet reproduced by photo offset. This process would not duplicate the booklet so well that the copy would be indistinguishable from the original--color, binding and paper would be different--but it might serve the Station's purpose most cheaply and quickly. We will await the results of the [] inquiries before placing an order unless advised to the contrary.</p> <p>4. If JMWAVE has or could obtain further information on the booklet, Headquarters would be interested in learning what distribution it has received in Latin America, as well as how many copies in what languages are still available. Since JMWAVE has contributed to the publication and mailing costs, though not the total amount required, it would also be helpful to know how much, if any, support JMWAVE may have given through their contacts and, secondly, how much you might be able to invest in securing wider distribution of the booklet, if more distributors like the [] were to present themselves.</p> <p>29</p> <p>SUSPENDED S. STUDERER</p> <p style="text-align: right;">618R</p>
